ROSES AND REGRETS.

Important Evidence That a Chorus Girl Possesses.

CALLS TO SEE WHITE

Latter Not at Apartments, but Told Mrs. Thaw Was one of Three Visitors Sends Flowers and Note to Her.

New York, Aug. 9.—New and important evidence providing a plausible motive for the killing of Stanford White has come into the possession of District Attorney Jerome, says the Herald. An inkling of the facts was conveyed to Mr. Jerome indirectly from F. Ziegfeld, a theatrical manager, who is Anna Held's husband, and at present living in Paris.

Mr. Ziegfeld met one of his new York theatrical friends in a railroad station in Paris a little while ago and the conversation drifted to the Thaw tragedy. Mr. Ziegfeld expressed surprise that the authorities had not yet got hold of evidence that would go a long way toward clearing up the mystery heretofore cloaking the motive of Thaw.

"The tragedy occurred some days prior to my last trip from America," said Mr. Ziegfeld, "and I was full of it on my way over. It was the principal subject of conversation on deck and at table. Among the passengers was a young woman very well known to the amusement loving New York public, who was a prominent member of the chorus in one of my productions. Naturally we chatted and the Thaw tragedy was touched upon. I found that she knew something which the district attorney would give a great deal to know."

"She told me that she accompanied two other members of my old company to pay a farewell visit to Mr. White in the tower of Madison Square Garden the night before Mr. White's death. They were to sail in a few days. Mr. White was not there, and as they were leaving the place an attendant asked what names he should report to Mr. White as those of his visitors. 'Oh,' said one of the girls, laughing, 'you need only say that Mrs. Harry Thaw called.'"

"They departed and pictured to themselves a dozen funny denouements which might arise out of Mrs. Thaw's vicarious call. Next day Mr. White, according to this girl, sent a neat little note to Mrs. Thaw, expressing his regret at his absence at the time of her call and dispatched a basket of roses to her address. My informant believed that Thaw saw the roses, read the card attached and perhaps read the note which accompanied them."

It is known that this young woman is now in New York, having returned, it is said, at the request of Mr. Jerome. It is believed she will be one of the most important witnesses for the prosecution.

GETS CHEAP GAS.

After a Long Fight Kansas City Secures This Benefit.

Kansas City, Aug. 9.—Kansas City has won her long fight for cheap gas. The so-called Fleming-Wilson natural gas ordinance granting a franchise to a syndicate of Chicago capitalists for thirty years, and it provides that as long as the supply of natural gas is reasonably accessible that it will be furnished at 25 cents per 1,000 cubic feet for domestic consumption and at 10 cents for manufacturing purposes. If the natural gas supply falls, then artificial gas will be furnished at 75 cents per 1,000 cubic feet. The city may purchase the gas works at any time, provided the grantees receive profits for ten years.

The Kansas City (Mo.) Gas company now holds a franchise to furnish gas at \$1.10 per 1,000 cubic feet. The new ordinance will be signed as soon as it reaches the mayor.

BADLY TIED UP.

Several Hundred Deckhands, Oilers and Marine Firemen Strike.

New York, Aug. 9.—A strike of several hundred deckhands, oilers and firemen on railroad tugboats in this harbor have badly tied up the railroad tugboat fleet. This in turn has prevented the movement of a large amount of freight from railroad terminals at Jersey City to this city. Should the strike be prolonged it is expected hundreds of carloads of food supplies for this city will be tied up, as a large percentage of it is lightered to the city and railroad tugs do the towing.

Sergeant Suicides.

Laurel, Miss., Aug. 9.—Sergeant Daniel Manning of the United States army, in charge of the recruiting post here, committed suicide by cutting his left wrist with a razor.

RECEIVING REBATES.

Standard Oil Company Is Charged With Doing This.

IS ONLY DEFENDANT

Document Contains Nineteen Counts and Each One of Them Constitutes a Separate Accusation by Grand Jury.

Chicago, Aug. 9.—An indictment charging the Standard Oil company of receiving rebates in the form of non-payment of storage to railroad companies was returned by the Federal grand jury before Judge Bethel. The Standard Oil company is the only defendant, no officials of the company, railroad companies nor officials being named. The bond was fixed by Judge Bethel at \$25,000. This is the case investigated by grand jury at Cleveland, where it was found that the jury had a jurisdiction. The testimony taken there was transferred to Chicago. It was on this testimony and evidence that this indictment was returned so quickly.

The grand jury immediately resumed its session to take up the charge that the Standard Oil company was given some rebates by railroads. The indictment contains nineteen counts, each count constituting a separate charge. It comes under the Elkins law, which provides a fine of from \$1,000 to \$20,000 for each violation. Under this indictment, should the government procure a conviction on the trial of the issues, a fine of \$380,000 as a maximum under the Elkins law may be assessed.

The indictment alleges that by a system of granting the Standard Oil company certain concessions the oil company benefited to the extent of \$8,506.72 during a period of time from August, 1903, to February, 1905. The indictment, as explained by the government attorneys, means that in nineteen instances consignments of oil for the Standard Oil company were stored by the Lake Shore and Michigan Southern Railroad company, and that the railroad company received no payment of 5 cents per ton per day from the oil company for such storage, but that its competitors were compelled to pay this amount. This is equivalent to granting a concession, it is charged, the non-payment of the storage charges being practically a rebate in favor of the Standard Oil company. Each account sets up a discrimination of from \$300 to \$500.

AROUSES INTEREST.

Reports Are That Government of Mexico Is After Railroad.

Torreon, Aug. 9.—The reports that the Mexican government is pursuing plans looking to the public to the acquirement of the Mexican Central railroad system is arousing a great amount of comment and interest. Parties who are in close touch with affairs at the capital have given out information here that officials of the Central are in favor of the plan. Much speculation is aroused from the fact that Speyer & Co. of New York are acting, and from what has been given out about the establishment of the new banking institution in the City of Mexico.

Among people here who are best qualified to give a weighty opinion of the rumor is believed to have a solid foundation, and developments are expected at no distant date.

Another interesting phase of the situation is involved in the reports coming from New York that the stock of the Mexican Central has been showing stronger for the past week.

MAUDE GONNE CASE.

Irish Joan of Arc Has Judicial Separation From Her Husband.

Paris, Aug. 9.—The civil tribunal of the Seine has confirmed its decree granting Mrs. Maud Gonne MacBride (known as the Irish Joan of Arc) judicial separation from her husband, Major MacBride, but the tribunal refused to grant her an absolute divorce on the ground of her Irish nationality. Mrs. MacBride was awarded the custody of her child. The major's cross bill was overruled. Major MacBride served in the Irish Boer brigade of the Boer army during the South African war.

WATERS RECEDE.

Loss of Cattle and Crops Is About Two Hundred Thousand Dollars.

Temple, Tex., Aug. 9.—The Santa Fe division at this place reports the resumption of traffic on the San Angelo branch, which has been ited up by floods. The waters have receded and normal conditions have been resumed. Thus far reports of the loss of life has proved to be erroneous. The loss of cattle and crops is estimated at \$200,000.

TROLLEY NEGOTIATIONS ARE OFF.

Mr. Edward Kennedy Declines \$12,000.00 Proposition of the Bryan Trolley Line Committee.

As announced in the Eagle of Wednesday morning the Bryan-College trolley line committee submitted a counter proposition to Mr. Edward Kennedy, proposing to turn over to him the twelve thousands dollars' stock subscriptions the committee has raised provided he would give bond for compliance with his part of the contract and indicate grounds he would want for terminals. Below we give Mr. Kennedy's letter letter declining the proposition and declaring the deal off. In doing so Mr. Kennedy expresses strong faith in the enterprise and the generous hope that it may be realized. The letter says:

Houston, Tex., Aug. 8, 1906. Inter-Urban Committee, care Mr. H. O. Boatright, Bryan, Texas: Gentlemen: I have your favor of yesterday stating that you can not raise but \$12,000.00 for the proposed trolley line and that if I will designate the 25 acres for terminals and the right of way desired that you will then see what can be done towards securing it. In reply I advise that I cannot accept the offer, hence, we will, so far as myself and associates are concerned, call the deal off.

As for the terminal ground, that of course would not amount to much, and the right of way could not be designated until the line was finally located. The clause for tax exemption would not be a matter to cause a break.

In calling off this negotiation, permit me to wish that you will finally realize this line. In my judgement there is no enterprise that will equally benefit your town for the expenditure required. Assuring you of my warm personal regards I am,

Yours very sincerely,
Edward Kennedy.

COMES TO RESCUE.

Excellent Chance For Depositors to Receive Nearly All of Their Money.

Chicago, Aug. 9.—Theodore Stensland, vice president of the Milwaukee Avenue State bank, and son of the president of that institution, has come to the rescue of the 22,000 depositors, and it is the general belief of those who are endeavoring to straighten out the tangle that there is an excellent chance that the depositors will receive almost dollar for dollar. Stensland announced that he will turn over to Receiver Felzer all the estate and personal property of Paul O. Stensland, his father. The son placed a valuation of \$600,000 on this collateral, and he stated that he has full authority to make the transfer.

Charged With Conspiracy in Connection With Divorce Case.

Pittsburg, Aug. 9.—August Hartje and his friend, John L. Welshons, who, with Clifford Hooe, the former negro coachman of Hartje, are charged with conspiracy in connection with the Hartje divorce case, appeared before Alderman M. F. King Wednesday and waiving all procedure were held for court under bonds of \$3,000, which was furnished by Attorney Edward G. Hartje. Their arraignment has been postponed several times owing to the disinclination of the commonwealth to go into the matter until the divorce case was finished. Hooe, who is now in jail awaiting trial for perjury, was represented by Attorney Hartje.

St. Louis, Aug. 9.—After stating that he took his life rather than again earn his living by selling liquor Ernest Steinhardt, fifty-seven years of age, whose home is supposed to have been at 225 West Eighth street, New York City, committed suicide Wednesday by taking morphine. Steinhardt was formerly a traveling salesman for a Kentucky whisky house, but resigned at the request of his wife.

LEAPS INTO FURNACE.

Demented Man Dragged Out in Time to Escape Cremation.

Richmond, Va., Aug. 9.—A sensational attempt at suicide occurred here. E. C. Bolwer, an employee of the American Tobacco company, tried to cremate himself by jumping into the furnace under the boiler at one of the company's factories. He was dragged out before he was fatally burned. Religious mania is assigned as the cause for the act.

SOMERVILLE OIL PROSPECTS.

Town is Growing—Topographical Map of Fuller's Earth Deposit.

Somerville, Texas, Aug. 8.—Quite a little interest has been aroused here of late over some prospects that oil will soon be discovered in this section. Mr. E. Brown, a gentleman who claims considerable distinction in locating fields oil has been taking some leases here, and he says there are good evidences of oil in several places near this place. Mr. Brown is receiving some assistance from local parties, and it is hoped by the citizens that his efforts will be crowned with success. Mr. Brown when asked about the matter displayed great zeal in his confidence that he can locate oil here, and among other things said: "I am meeting with good support from a number of your business men here, and I have secured several leases of land and will soon have sufficient capital raised to sink a test well."

The Somerville Development and Improvement Company, under the supervision of George A. Burbank, a civil engineer from Dallas, Texas, is having a complete topographical map made of its deposit of Fuller's earth, and will soon be ready for the erection of its large plant. Its latest surveys show a much larger field of deposit than it supposed had existed.

THE NEW VISIBLE

At Last a Perfect Visible Typewriter

The One Typewriter That Correctly Solves the Objections That Have Always Heretofore Been Made Against "Front Strike" Machines.

Visible writing has always been considered as desirable by practically all typewriter manufacturers, but the difficulties to be overcome in construction in order to secure durability have discouraged the very large adoption of these machines. The invention of the method of assembling the type bars as it is done in the Fox Visible has, however, made possible the use of a wide pivotal bearing in the type hanger, thus insuring the most perfect alignment at all times and a durability that is equal to that claimed for any "basket type" machine. In building this new model, we have all the advantage of the knowledge that we have gained in building and placing the regular Fox models on the market and we are able to avoid all those experiments found in new machines which are so expensive to the purchaser.

Here is a Short Description.

THE TYPE HANGER—The hanger has a pivot bearing 7-16 of an inch wide. This allows the use of a heavy type bar, providing an adjustable pivot bearing which takes up wear as it occurs, thereby giving a permanent alignment that is impossible to secure with a narrow bearing without adjustment, and avoiding the trouble caused where "forced alignment" is necessary. This is the feature that has heretofore been considered as being impossible to secure in a visible writing typewriter. It is found only in the Fox and places the Fox Visible in a class by itself.

TWO COLOR RIBBON—The ribbon movement on this machine is simply perfection. It reverses and oscillates automatically, requiring no attention from the operator from the time it is put on until worn out. When a two color ribbon is used, by simply touching a button on the keyboard the second color is secured instantly without raising the hand or even looking.

THE INTERCHANGEABLE CARRIAGE—The carriage is so constructed that it can be quickly removed and a carriage of different length substituted. One

machine can be purchased with different sizes of carriages, thereby effecting a great saving over the ordinary method of buying a long carriage machine complete. The carriage is ball bearing and runs with a tension of only 1 lb.

PERFECT VISIBLE WRITING—The entire line is visible all the time.

THE KEY TENSION—The force required on the part of the operator to print a letter is only 2 1/2 ounces. This is from 25 to 50 per cent. less than any other. It is a vital thing both from the operator's standpoint of less fatigue and the owner's of greater durability.

THE LINE LOCK—When the carriage reaches the end of a line, the keys lock and nothing more can be written until the release button is used or the carriage returned to begin a new line.

ALUMINUM KEY LEVERS—Key levers are made of aluminum. It is more expensive than steel or wood, but it is very much more desirable.

TABULATOR—The Fox ten stop decimal tabulator is attached when ordered, at slight additional expense. It is the only decimal tabulator in use on a visible typewriter.

Every feature on this machine has been tried out and demonstrated as successful on the Regular Models of the Fox. Unprejudiced experts have without hesitation pronounced the machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their kind and their manufacture will be continued as before.

GO TO TERRITORY.

Will Provide For Windup of the Civilized Tribes' Affairs.
Denver, Aug. 9.—United States Senators Clark of Montana, Long of Kansas, Brandegee of Connecticut, Clark of Wyoming and Teller of Colorado held a conference at the Brown Palace hotel. These senators constitute a committee to finally dispose of the affairs of the Five Civilized Tribes in Indian Territory.

Among the questions which will be

HENRY M. TELLER.

Inquired into are graft, particularly in the sale and transfer of Indian lands and the preparation for the disposal of coal and asphalt lands which belong to the Indians. Arrangements will be made for a trip to Indian Territory. It is understood the meeting there will last from a month to six weeks.

SERIOUS WASHOUT.

One Mile of the Katy Track Gons North of Crowder City.

Denison, Aug. 9.—The high water situation is much improved. Water is falling rapidly in the Canadian river. The Katy bridge is intact. Large gangs of men are at work day and night building sand dikes, which saved the bridge, controlling the current of the river.

A serious washout occurred north of Crowder City. A mile of track is gone. The Frisco people have large gangs building approaches to main bridges over the Canadian and expect to run.

Passenger and mail service is badly interrupted in consequence of trains detouring through Missouri and Arkansas.

"SHOOT HIM!" SAID SIRE.

Fred Debold Obeyed His Father's Command and Slew Smith.

Frederick, Md., Aug. 9.—At the command of his father, Fred Debold, seventeen years of age, son of John Debold, shot and killed George Smith, the son of their neighbor, Edward O. Smith, near here. There had been bad feeling between the two families and they quarreled over blackberries the Smiths had picked on Debold's land. "Shoot him!" said Debold to his son, pointing at young Smith. The boy fired a load from a shotgun. It struck Smith over the heart, killing him instantly. Both Debolds are in jail.

COOPER CHAMPION.

In Preliminary Shooting Sergeant Makes Highest Aggregate Score.

Lawton, Aug. 9.—In two days of preliminary competition with rifles the highest score in the aggregate was made by Sergeant Cooper of Company B, Twenty-sixth infantry. He made 386 points out of a possible 500. In slow and rapid firing Cooper made 244 points out of a possible 400, and in skirmish firing he made 143 out of a possible 200.

A banquet will be tendered on Saturday night to the officers participating in rifle shooting by the Lawton Chamber of Commerce.

INFERIOR GRADES.

Personal Investigation Proves Pool Wheat Has Been Substituted.

Topeka, Aug. 9.—J. C. Radford, state grain inspector, who has returned from Mexico, where he made investigations, asserts that several Kansas City grain dealers substitute inferior grades of wheat after the state grand inspection department has inspected and given grades on grain in cars. Mr. Radford will ask the legislature to pass a law making this sort of evasion of inspection requirements a felony.

OFFICERS RE-ELECTED.

Calvin, Wallace, Neel and Garner Are Again Chosen.

Dallas, Aug. 9.—The Texas Farmers' union re-elected E. A. Calvin president; B. C. Wallace, vice president; T. C. Neel, treasurer and organizer; and J. F. Garner, purchasing agent.

Boulder Falls on Track.

Ranger, Tex., Aug. 9.—Just as an eastbound Texas and Pacific passenger train was passing through her deep cut near here a boulder weighing 225 tons fell in front of the engine. The track was blocked fourteen hours. Trains were detoured over the Texas Central via Dublin and to Fort Worth via the Frisco.

Sawed Out of Jail.

Dallas, Aug. 9.—Robert Clapper, wanted at Riverside, Cal., to answer a charge of burglary, arrested here and awaiting extradition papers, sawed his way out of jail here at 3 o'clock Thursday morning by cutting a bar in two.

Virtually Ended.

Moscow, Aug. 9.—The strike has virtually ended. Most of the factories have resumed work.

ONE MINUTE

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup.

Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure and gave her three doses half an hour apart. The croup was mastered and our little darling speedily recovered. I cannot praise One Minute Cough Cure too much for what it has done in our family. — A. L. Spafford, Postmaster, Chester, Mich.

CLOUDBURST AND FLOOD.

Water Was Six Feet Deep, and Three Persons Lost Lives.

El Paso, Aug. 9.—Word was received that a cloudburst and flood at D-rango, Mex., caused the death of three persons. Water was six feet deep in the streets, and many houses were badly damaged. At Alameda a heavy rush of water damaged the parks, the military barracks being flooded.

ASSAULT CHARGED.

Blaine Warner Accused of a Serious Crime and Arrested.

Muskogee, Aug. 9.—Same Harper, special detective for the Missouri, Kansas and Texas Railway company, came into this city accompanied by Blaine Warner, who was arrested at Broken Arrow, charged with criminal assault upon a little girl in the neighborhood, whose name could not be learned. Warner was arrested by farmers near Broken Arrow and turned over to the city marshal of that city, who in turn handed him over to Harper.

POLITICS KEPT OUT.

One Hundred and Fifty Warehouses to Be Erected.

Dallas, Aug. 9.—Politics did not come up in Wednesday's session of the Texas Farmers' union meeting. It was decided to erect 150 warehouses in which to store cotton.

Professor F. W. Kyle of the agricultural and mechanical college delivered at night an address on "Industrial Education in the Public Schools." D. H. Shapira of Houston talked on "The Cotton Warehouse System."

FIVE CHILDREN PERISH.

Mother Was So Severely Burned She May Not Survive.

Omaha, Aug. 9.—Five children of Thomas O'Daniels of Seymour Park, a suburb of Omaha, perished in a fire which destroyed the family residence. Mrs. O'Daniels was seriously burned, and may not recover, and her husband was badly burned in an effort to save his family.

WORK OF LIGHTNING.

NEARLY ALL IN.

..Ten counties Have Yet to Forward Results of Primary Election.

Houston, Aug. 9.—With nine thinly populated counties to hear from the vote for governor pro rated is as follows: Campbell, 213.10; Colquitt, 165.68; Bell, 161.86; Brooks, 155.45.

For railroad commissioner Storey Davidson, 354.82; Hill, 329.18.

For railroad commissioner Storey has 316.17; Williams, 290.83.

There were about 290,000 votes cast in the primaries. There will be between 700 and 705 votes in the convention.

Hon. Frank Andrews, chairman of the state executive committee has placed a force of expert accountants to work upon the tabulation of the returns made in the report to him from the counties of the state. He states that "it will require the constant work of several men to place the returns in a tabulated shape, and it will be probably Saturday morning before the work is done. The chairman finds it most difficult and slow work."

SHOT THROUGH BODY.

Private Cantis of Regular Army Expires From a Wound.

Austin, Aug. 9.—While participating in maneuvers Private Jesse Cantis of the Twenty-sixth infantry was shot in the left arm by an unknown person. He was hit by a ball cartridge. The ball entered his body and went through, passing through the left lung and coming out under the shoulder blade. He died in a short time. An investigation failed to find any ball cartridge in camp.

Cantis, who was twenty-two years old, was born at Fort Worth, but his father is now a resident of Morganville, Ky. He enlisted Jan. 1 at Lexington, Ky.
